

## **Northern Tier Marcellus Shale B2B Expo –June 26<sup>th</sup> – Troy Fairgrounds**

The **Northern Tier Marcellus Shale Business to Business Expo** is being planned for Saturday June 26<sup>th</sup> at Alparon Park in Troy. The event is intended to bring together the oil and gas industry and local business entrepreneurs to explore the opportunities that abound within the gas play. We want our local businesses to benefit from this opportunity as well - to grow their business and provide more good jobs. The Business to Business Expo will provide an opportunity for local business owners, energy companies and support service providers to connect and learn about the opportunities that have been created because of the recent interest and activity in the Marcellus Shale play.

The Expo is being planned and coordinated by a committee with representatives from both the public and private sectors. The committee formed out of a mutual interest and desire to coordinate efforts to educate local businesses and aspiring entrepreneurs on the significant resources and assistance available to maximize the opportunities which exist in our communities due to the Marcellus Shale play.

Information on sponsorship opportunities and exhibitor space will be available in the near future. A website [www.ntmarcellusexpo.com](http://www.ntmarcellusexpo.com) is also under development.

Mark your calendars now and plan on joining us on **June 26<sup>th</sup>** at the **Northern Tier Marcellus Shale Business to Business Expo** in Troy, Pennsylvania!
